

## Quality

Cheapness does not consist of a low price; an article costing \$75, worth one hundred cents on the dollar is cheap; an article costing \$35, worth ninety cents on the dollar is high priced.

We could save twenty-five cents on every garment if we substituted cotton for silk thread; but garments sewed with cotton thread, no matter how low the price paid for them, would be high priced.

Never overlook the opportunity of emphasizing the worth of Quality Merchandise.

### MORRISVILLE CHURCHES

#### Advent Christian Church

A strong keynote relative to church interests was struck last Sunday morning by the pastor when he spoke upon "The Act of Worship," Ps. 87:2. He enumerated opinions of the loveliest places, the most interesting scenes, the promises of God's blessing and presence at the house of worship; the duty and privilege of worship, and of financial support. This was most helpful in all suggestions.

Sunday School and L. W. services were seasons of deep interest, as evidenced by attendance and cooperation.

The evening subject was the first of a series upon "Five Modern Attractions, This Being the Attractions of a Bargain Counter." Amusing incidents were given in the introduction, and a lesson drawn from the experience of Jacob bargaining with Esau. A strong appeal was made that none sell out their interests for life or eternity for a mere pittance.

On Wednesday evening in place of the Sunday School lesson for next Sunday, a chemical lesson will be given by Mr. Pender, which promises to be of much interest.

Next Sunday services will be at the usual hours. In the evening the second in the series will be given, the subject of this to be, "The Attractions of a Man." All are invited to come prepared to respond with Scripture verses, including the word man. The choir will be comprised of men with special music by men.

#### Congregational Church

The subject of the sermon next Sunday morning will be, "Mechanics and Morals." There will be Communion service at the close of the service of worship.

Church School at noon. During the month of March the opening and closing exercises will be in charge of Mr. Hosmer.

Junior Christian Endeavor meeting on Sunday afternoon at three o'clock. Evening service at seven o'clock. Mid-week service this week on Thursday night at 7:30.

#### Christian Science Society

The services of this society are held every Sunday forenoon at 10:45 in the hall over E. W. Gates' store.

The subject for next Sunday will be "Man." Sunday School will be held at 9:45 Sunday morning.

#### Episcopal Services

There will be services the first Sunday in Lent at the N. E. O. P. hall next Sunday morning at 10:45, with sermon by the Rev. G. R. Brush of Hardwick. All are invited who have no church home.

Wendall Gill, who has so acceptably served as organist at the Universalist Church during the past year, has been granted six months' leave of absence that he may further pursue his musical studies. His place will be taken by Mrs. Arthur W. Waite after next Sunday.

The General Sunday School Association of the Universalist Church, the only Sunday School Association with which the local Universalist Sunday School is affiliated, will hold a series of institutes in Vermont from March 5 to March 12. The Morrisville parish will be visited on Sunday, March 12. Miss Morgan of the national office will be in charge of the institutes.

The newspapers are quite free in giving advice to the farmers how to run their business. Turn about is fair play and it is about time some farmer came out with a good strong article telling Editor Hinde how to run the Rutland Herald.

Not necessary: the Herald is a well edited paper, up-to-date in all respects and "Peregrinations" are alone worth the price of admission.
